

Put your hand up!

Artbank Australia Inc. is a not-for-profit that changes lives by turning unwanted artworks & collectibles into cash, then using it to help those who need it most...

...and we need your help!

Our Gala Dinner Auctions promote projects and charities, and raise cash for use in a variety of ways.

You help us choose how it's spent!

Institutions, Not-for-Profits & Charities

Have you been bequeathed or donated artwork, furniture or other items that you can't use? Got anything hidden away in storage? We'll auction it and turn it into cash that can then be used for charitable purposes by you, or by us. Your choice!

Businesses & Individuals

Your donation or bequest of either auction items or cash, will be used to benefit your choice of one of our four annual focus areas. In 2017, we are supporting a range of Medical, Youth, Homelessness and International projects.

Help us change lives

You can help by donating either saleable items or cash that we can use to improve lives and communities in Australia and beyond. High end items are sold at our Gala Dinner Auctions and lower priced items are converted in regular community auctions during the year. Whatever it's value, and provided it's in good saleable condition, we can make use of it.
